

VENICE – „She Is Gone“-Lyrics

She is gone, long time ago
I only was her neighbor, without to know more

All the friends. which she's got
Feel sadness, in these days

When she died

Oh god, now tell me why, I know that she died, in this night
Oh now, now I cry, cause I dont know why, she must die

Only seven, never stayed in fun
Who god knows in heaven, where she had the gun

I remember, all the days
When I see her smile

In her face

Oh god, now tell me why, I know that she died, in this night
Oh now, now I cry, cause I dont know why, she must die

She is gone, long time ago
I only was her neighbor, without to know more

Oh god, now tell me why, I know that she died, in this night
Oh now, now I cry, cause I dont know why, she must die

Oh god, now tell me why, I know that she died, in this night
Oh now, now I cry, cause I dont know why, she must die

Oh god, now tell me why, I know that she died, in this night
Oh now, now I cry, cause I dont know why, she must die
